End-to-End Support From strategy to execution, covering every stage of growth.

Robust HR & Reporting Systems Ensuring compliance, efficiency, and insights.

Vision-Aligned Approach Empowering organizations in line with Saudi Vision 2030.

Our Services

Foundix

Your Gateway to Business in Saudi Arabia

Through Foundix Service, Advisar helps both local and international investors establish and expand their businesses in the Kingdom of Saudi Arabia. Our end-to-end services ensure compliance, speed, and a smooth market entry process.

Foundix Service includes:

- Investment Licensing – obtaining MISA (Ministry of Investment) licenses to launch your business in KSA.
- Regional Head Quarters (RHQ) Program : Consultation and implementation.
- Commercial Registration – securing CRs and official company documents.
- Government File Setup – establishing mandatory registrations with GOSI, Qiwa, Mudad, ZATCA, and other government platforms.
- Executive Visa Services – issuing General Manager’s visas as well as business visas for executives and visiting businessmen.
- Joint Ventures with International Companies – facilitating partnerships between Saudi and global firms to access the local market.
- Partnerships & Points of Sale – enabling foreign and local businesses to establish authorized sales and operational partnerships inside the Kingdom.
- Business Incubation – supporting innovative ideas and global entrepreneurs who are ready to start or scale their business in Saudi Arabia.

With Foundix, investors gain a trusted partner who streamlines setup procedures and removes administrative hurdles, allowing them to focus on growth and opportunities.

FlexHR

HR Managed Services

FlexHR is a specialized service designed to help clients focus on their core business while reducing operational costs. It provides comprehensive and innovative HR management solutions delivered by a dedicated team of professionals.

FlexHR is tailored for:

- New companies that require support in managing government platforms and compliance.
- Small and medium enterprises (SMEs) seeking efficient HR operations and localization compliance.

Key Features & Solutions:

- End-to-end management of all government platforms (Qiwa, GOSI, Mudad, ZATCA, etc.).
- Practical solutions for Saudization and localization challenges.
- Handling Commercial Registration (CR) activities and aligning them with business operations.
- Documentation and management of employee contracts through Qiwa.
- Integration and resolution of HR-related issues across government platforms.
- Renewal of company licenses and related official documents to ensure business continuity.

With FlexHR, businesses can rely on a seamless HR backbone, enabling them to save costs, ensure compliance, and focus on growth.

Talentera Outsourcing & Workforce Solutions

Talentera is a specialized outsourcing service designed to offload businesses from routine HR and administrative tasks, allowing them to focus their energy on achieving strategic goals.

We provide end-to-end workforce management — from candidate selection, onboarding, and daily HR support to offboarding — ensuring a seamless employee lifecycle. Our services cover employee registrations, official letters, and compliance management, supported by a dedicated HR team.

Through Talentera, clients can access qualified professionals, fully supported with equipped work facilities and operational resources, while we take care of all back-office processes.

By partnering with us, organizations gain the flexibility to scale their workforce quickly and efficiently, while enjoying the assurance of compliance, cost optimization, and professional HR support.

BPrem

Premium Residency Consultation Services

BPrem is a specialized consultation service for companies (B2B) and qualified expatriates (B2C) seeking premium residency in Saudi Arabia.

Our process starts with a free eligibility evaluation, followed by a comprehensive review of requirements, precise preparation of the application, and direct submission through the Premium Residency Center. Throughout the journey, we ensure clarity, accuracy, and full compliance with official standards.

By partnering with Advisar, clients reduce the risk of errors, save significant time and effort, and greatly increase their chances of securing Premium Residency — unlocking unique opportunities for stability, investment, and growth in the Kingdom.

BPrem SERVICES

Runix Operations, Maintenance & IT Services

Runix is a specialized service by Advisar dedicated to delivering comprehensive Operations, Maintenance, and IT solutions designed to ensure business continuity, reliability, and operational efficiency.

Our portfolio extends beyond core consultancy services to encompass full Operations & Maintenance (O&M) support — complemented by IT managed services, help desk support, and supply and installation of hardware components such as routers, switches, and related systems. We also provide professional guidance and implementation support for ERP system selection and deployment, ensuring seamless digital transformation and operational alignment.

With a team of qualified engineers, IT specialists, and project managers, Runix manages facilities, systems, and infrastructure through preventive and corrective maintenance, proactive monitoring, and operational optimization.

Our integrated approach combines technical expertise, data-driven insights, and best industry practices to reduce downtime, extend asset life, and enhance overall performance.

Whether supporting corporate facilities, government projects, or industrial operations, Runix stands as a trusted partner delivering sustainable, efficient, and technology-enabled solutions across the Kingdom of Saudi Arabia.

Reshape

Renovation Works – Reimagine Your Space

Reshape is a specialized service in renovation, fit-out, and construction works for offices, and commercial spaces, blending functionality, style, and precision craftsmanship.

Our capabilities extend beyond traditional renovation to include steel structure construction and air-conditioning solutions, delivered in collaboration with trusted engineering and technical partners. Whether it's a complete structural transformation or an aesthetic refresh, we ensure every project is executed with excellence, safety, and attention to detail.

From reimagining your interiors to shaping your infrastructure, Reshape turns your ideas into inspiring realities — where quality, creativity, and precision meet.

Trusted Insight . Lasting Impact.

Partnering with Advisar means more than receiving a service — it means gaining a strategic ally who understands your goals, safeguards your compliance, and supports your long-term success.

Our Added Values

One Integrated Partner

Advisar offers a full spectrum of business services under one roof — from company setup and HR operations to facility management and space renovation — ensuring seamless coordination, consistency, and accountability across every stage of your business journey.

Local Insight with Global Standards

As a Saudi firm built on international best practices, we combine deep knowledge of local regulations, platforms, and compliance with the precision and professionalism of global consulting standards.

Compliance & Efficiency

Through solutions like FlexHR, Talentear, and BPrem, we help clients meet Saudi labor, investment, and residency requirements efficiently — reducing risk, saving time, and ensuring full compliance with government systems.

Operational Excellence

With Runix and Reshape, we go beyond consultancy to execution — maintaining operational continuity, improving asset performance, and transforming physical spaces into productive, inspiring environments.

End-to-End Support for Investors and Organizations

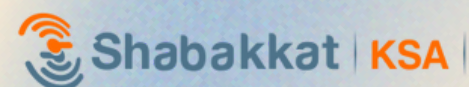

From market entry and company registration through Foundix, to workforce management and strategic planning, Advisar enables investors, entrepreneurs, and corporates to establish and scale with confidence.

Human-Centered Expertise

Behind every Advisar service is a team of skilled professionals — consultants, engineers, HR specialists, and project managers — dedicated to delivering solutions that are practical, measurable, and aligned with your vision.

Advisar Network

Empowering growth through a trusted ecosystem of partners, clients, and suppliers.
